## **GAP Analysis against the FAMI-QS Code version 5.1 and the Food Safety Modernization Act rule on Current Good Manufacturing Practices and Preventive Controls for Animal Food (cGMP PCAF)**

In order to support its members to comply with the Food Safety Modernization Act (FSMA) and with the Current Good Manufacturing Practices (CGMP) for animal food, FAMI-QS prepared – in cooperation with our partner in the US – a GAP Analysis against the FAMI-QS Code version 5.1 and the Food Safety Modernization Act rule on Current Good Manufacturing Practices and Preventive Controls for Animal Food (cGMP PCAF).

**The purpose of the benchmark is to support the FAMI-QS certified Operators to meet the relevant requirements of cGMP PCAF and also to facilitate their trade relationship with their partners in USA.**

The text of the document can be transferred to your organisation's documentation.

If you are interested in having a copy of this document, please contact Mr. Melchior Caruana at [mca@fami-qs.org](mailto:mca@fami-qs.org) and provide the following details: name, company, position, email and phone contact. The subject of the email shall be "GAP Analysis FAMI-QS Code V. 5.1 x Food Safety Modernization Act rule on Current Good Manufacturing Practices and Preventive Controls for Animal Food".

The document is available at a cost of 150 euros.

FAMI-QS has launched two FDA approved trainings: one in Europe and one in China. Please check the details below.
