Audit reports without a confirmation statement that the conditions of REGULATION (EU) 2019/901 of 29 May 2019 were fulfilled, will not be validated.

Clarification: the regulation (EU) 2019/901 of 29 May 2019 is exclusively for placing in the EU Market. Vitamin B2 produced with other strains than the ones listed in the regulation will still be covered under FAMI-QS for non-EU countries.

For the ViaSyst platform please use the following encoding: Vitamin B2 (strain number) . This will allow further transparency within the chain.
